STREET LIGHTS SEEN BOON FOR L.G.

Ceremony Friday Night To Turn On Broadway Lights

Street lights will go on in Lemon Grove Friday for the first time at 7:30 p.m. when Supervisor David Bird, L.G. Chamber of Commerce manager Edwin Koester, C. of C. president Bob Vaught and Sue Davis, "Miss Lemon Grove" take part in a switch-flipping ceremony.

The ceremony will be at the west side of the U.S. National bank in a parking lot while the Dixie Lads play arazz-matazz program of Dixieland jazz. Lights will then be lit atop 15 double standards from Olive to Kempf on Broadway.

Supervisor Bird is scheduled to pay homage to Koester for his diligent effort in acquiring the signatures necessary to breathe life into the district.

It was necessary for Koester, under chamber auspices, to get signatures representing more than half of the assessed valuation. Koester got 71 per cent or signatures representing $656,510 in assessed valuation.

Property owners along Broadway are being assessed about $7 a foot for installing the ornamental standards. Power consumption will be paid by the lighting district and will appear on property owners' tax bill. Only those with property facing Broadway within the limits of the district will be so assessed however.

Koester said that business firms have long been engaged in an effort to keep the town looking alive at night by requesting shop operators to leave window lights on. This has not been successful, he said.

"Night shopping in the Broadway Shopping Center can now become a reality," Koester said. "With the lights comes prestige and attractiveness that should help our business center regain her virility."

Co-ordinating Council To Continue; Program Set

The Lemon Grove Coordinating Council, meeting under a threat of disbanding, heard its officers admit Monday night that the threat was a hoax; that there was no such plan and that the threat was used to dramatize the need for greater attendance but the members in attendance argued otherwise.

President John Jensen said that disbanding should be considered due to the lack of interest in questionnaires sent out by the council earlier this year.

Most members in attendance insisted that the problem was within the organization and that projects should be chosen that would keep membership interest alive. The majority said that the need for a Co-ordinating council was real.

The group, meeting at the home of Attorney Charles William Brown on McKnight ln. in L.G. finally agreed that the organization should be kept going but that it should take on specific projects.

One proposal, explored briefly but upon which no action was taken, was to form a Town Meeting group as a projection of the Co-ordinating Council.

The group issued an invitation to Dr. David Milne, professor of social sciences at S.D. State to provide a program at the next meeting. Tuesday, Dr. Milne said he would discuss "How a Co-ordinating Council Can Solve Delinquency Problems."

Dr. Milne is former chairman of the County Dept. of Co-ordinating Councils and served on the board 14 years. He was president of the statewide Calif. Community Councils group.

Wedding Bells Chime For Mildred Sommers and Oakey Hall, Septuagenarians

Oakey Pembroke Hall claimed Mildred Belle Sommers as his bride in a small and simple wedding at the home of the bride's son Sunday.

The scene was at the home of Mr. and Mrs. Edward P. Beals of 8226 Dorchester, Spring Valley with Rev. Hal Dallke of the El Cajon Methodist church officiating.

While the wedding guests were limited, the ceremony attracted considerable attention and many good wishes because the bride is 74 and the bridegroom is 75.

The couple met earlier this year while attending the Methodiht church in L.G.

"Every Sunday he would inch closer to her and finally they were sitting together," the bride's daughter-in-law said. Both of them are members of the church's "Young In Heart" club.

At the ceremony Mrs. Beals attended the bride. Mr. Hall's grandson, William Hall, was his best man. Gary Beals gave his grandmother away while his sister, Carol Ann, rendered a flute obligato with Lohengrin's Wedding March played by Mrs. T. J. Austin, sister of Mrs. Beals.

Wedding cake and punch was served to family and friends in the Beals' patio.

The newlyweds left immediately for a month-long honeymoon during which they will visit Nevada, Idaho and the World's Fair.

The Men's Club is one of the oldest regular clubs in L.G. but it ceased meeting a couple of years back when the local economy took a downturn. The club is a loose-knit organization which takes no stand on political or civic matter. As George Casteel, one of the founders once said, "We don't do anything except sit around and talk and let good speakers add to our store of information." Casteel said that he couldn't be present at the reunion.

Tony Sonka will represent the founders of the club.

At the head table will be these members: K. Rister, club secretary; Bill Davies, last president; Harry Griffen; Robert Vaught, L.G. C. of C., Byron Netzley, Lewis Smith, Judge Hussey, R. York, J. 'SUMMER AIN'T SO BORING' AS L. G. FIREMEN LIGHT PRACTICE BLAZE

KIDS WATCH DRILLS—The last part of summer ain't so boring when the Lemon Grove Fire Department will set fires just for the kids to watch, children in these pictures might have thought on Monday of this week when firemen held practice drills to destroy the old six-unit motel by the L.G. Bowlero parking lot. The children, who soon will be in classrooms, flocked to the site as smoke billowed into the Lemon Grove air. Many couldn't resist staying to watch for hours as firemen went through fire-fighting drills with skill and speed.

Practice fire or not, the flames were real enough and many motorists passing by on Broadway might have decided our firemen were on a real call. Some 4-5,000 spectators got a good look during the day, firemen estimated. Units could have been dispatched momentarily to an emergency fire during their 7 a.m. to 6:30 p.m. practice.

In left photo, boys watch fireman using hose from top of ladder as another crewman stands by. In photo on right, girl watches fireman emerge from smoke-filled building wearing breathing apparatus while fellow fireman shoots strong stream of water from ground to roof.

The DIMMER VIEW

'Bust' Story Near Right

TIME Magazine people, who also operate teevee station KOGO in San Diego, have all the city leaders in a fizz with their story in last wee's issue of TIME. The story "Bust Town?" pictures the economy so bad that a parking-lot attendant netting $800 a month last year and taking home only $130 this month is folding up his parking business to form an outfit with a friend "to handle merchandise from S.D. firms that go bankrupt."

Milton Fillius Jr., S.D. C. of C. president promptly fired off a letter to TIME pointing out that article was grossly misleading and downright inaccurate. He questioned the publication's research integrity.

Dick Wilson, trotting hot in Congressional race, got in on the act (which won't get him any free time on KOGO), demanded that TIME assign a staff member to do an accurate economic study.

KOGO then loudly disclaimed any responsibility by wailing that the common TIME-KOGO ownership had nothing to do with the editorial policies of either. KOGO regained much of its own confidence earlier this week by announcing proudly that TIME would "rebut" the "Bust Town?" story in the current issue. The "rebut" turned out to be a two-paragraph condensation of CC President Fillius' complaint in TIME'S Letter section, followed by a single sentence that "TIME accepts Reader Fillius' figures as correct. . ."

County News Service, a news service editored by Arch McPhail, reported that the "Bust" story was written by a S.D. correspondent for TIME. The correspondent is also a reporter on the S.D. TRIBUNE. The material, CNS says, presumably came from the TRIBUNE'S own files.

We, as did Fillius, cringed when we read TIME's story. Some of the figures were askew*, but the fact is that S.D. has a problem with its economy. High-priced studies to one side, anyone can talk to many unemployed persons in his own community. He may see houses vacated by people who went back home and houses that are not moving on the real estate market. He sees vacant stores for lease in frightful numbers. He can talk to business men who are in arrears on their tax obligations and he has seen school bond issues that have failed because of the lack of confidence.

TIME is right. There has been a bust in S.D. county. Where TIME failed is in its failure to describe the future. There are signs (see "The Patient Is Improving" elsewhere in this column) that the worst is over and we shall soon

FIRM BUILDS 8,000 HOMES

S. V. Estates Completion Consummates Decade For Bollenbacher And Kelton

Builders Bollenbacher & Kelton, Inc., have ended a decade of operations in the San Diego area with completion of the 2,200-home Spring Valley Estates community.

Housing construction for a second decade has already begun on a 700-home subdivision in Chula Vista. It will be called Southwestern College Estates because of its proximity to the 160-acre site of the future Southwestern Junior College.

Since 1952, when the builder team of Louis L. Kelton and Walter Bollenbacher broke ground on their first development here, the firm has recorded a total of $127 million in residential and commercial development in the San Diego area alone.

Thousands of homes also have been built by the team in Los Angeles and other areas, in line with Bollenbacher & Kelton's constant motto, "More Home For the Money."

During the last 10 years some 8,000 homes have been built in nine San Diego area communities, including 3,000 dwellings in Allied Gardens. The latter and Spring Valley Estates are the largest tracts developed in the county by a single building firm.

Listed among the nation's top 10 home builders, Bollenbacher & Kelton have been pioneer developers in the Spring Valley area. Ranch acreage, which formerly saw Indian encampments as its only "housing," was transformed by the team into a busy, complete community. Other developers followed, making the area one of the county's fastest growing.

LIBRARY COMING

Spring Valley Estates, which still has a number of choice homes for sale, has its own shopping centers, schools, churches and a population which has swelled to approximately 7,000 people. A San Diego branch library will open in the community this fall, Kelton said.

The $13,700 homes in Spring Valley have won national recognition, having been cited by such magazines as Look, American Builder, and the Home Builders' Journal.

"We've had more than 40 years experience in the home-building and real estate fields," Kelton said, "and feel this has been a major contributing factor in our ability to maintain a position of leadership in the past decade."

L. G. Florist To Get New Look; Offering Day, Night Services

Mrs. Kiss

The Lemon Grove Florists at 7965 Broadway near the post office has taken a sudden surge upward as a local business. Soon it will have a facelifting, and those who call HO 3-8822 at anytime of the day or night seven days a week, will discover an unusually complete floral service available to them and their organizations.

A large part of the reason for this is the coming of Mrs. Ann Kiss as manager. Her brother, Frank Palazzolo established the firm in 1957 and ran it until 1960. Now Mrs. Kiss and her husband have bought it and Mr. Palazzolo is co-manager.

"One thing I'd like to explain immediately," Mrs. Kiss said, "is that people can now wire flowers anywhere, anytime by calling our number."

Furthermore, the variety of services L.G. Florists is offering, is wide. For example, the firm is working with a local caterer in giving a special look to wedding receptions, banquets and other occasions.

One reason a person can expect to get creative floral service at the local firm is that Mrs. Kiss had been in creative fields before taking over as manager on Aug. 10. For example, she and a friend started VIPs, Inc., a San Diego business in which she has sold her interests; VIPs, Inc., can be hired to take care of important visitors to San Diego. Brother Frank won awards at various times for floral displays and arrangements. The most recent time was at Del Mar Fair.

Larry Foster is assistant at L.G. Florists.

Kenneth Kraettli was owner of the firm from 1960-62.

Mrs. John Gabriel Returning To L. G. After Monterey Accident

Mrs. John Gabriel, 73, of 7465 Central ave., Lemon Grove was released from a Salinas, Cal., hospital this week and was to return here after having undergone treatment for multiple bruises and minor back and neck injuries sustained in a Monterey bus mishap, according to Mrs. Joseph Sima, her daughter, also of Lemon Grove.

Mrs. Gabriel was injured on Aug. 18 in Monterey while on a funeral trip there with her husband. After attending his sister's services, they were on a local bus which swerved to keep from hitting a pedestrian. He wasn't injured but Mrs. Gabriel was snapped against an aisle pole, Mrs. Sima said.

Mr. Gabriel returned home last week and the family had been awaiting word from the hospital. Mrs. Sima said it would probably take several months for her mother to recover from injuries. "We won't sue the Bay Rapid Transit Co. if it takes care of expenses incurred," Mrs. Sima said.

The Gabriels have been Lemon Grove residents for 10 years.

William C. Moeser, chairman of the San Diego County Democratic Central Committee, announced today that the press of congressional business has prompted postponement of the Democratic fund-raising dinner that was scheduled for September 8. The several national party leaders invited to attend it have reported there now seems no chance that Congress will have adjourned by that date.

Bikesters Battle At Cajon Speedway

WHHHHEEEEEE! — These Cajon Speedway "bikesters" were battling over the checkered flag in mid-air last Friday as they came off a ramp in the steeplechase track which keeps the motorcycles in all kinds of twisty, jumpy motion for fans starting at 8 p.m. The track is at Gillespie Field. This Saturday night at 8 p.m. fans will get to see the "Claiming Stock Cars" race at the popular track.

Pampered Pet Giving Prizes In Conjunction With Lighting Ceremony

Ron Gondek, owner and operator of the Pampered Pet at 7820 Broadway in Lemon Grove, will give away a bevy of prizes in conjunction with the light switch-on ceremony this Friday night at 7:30 p.m.

Ed Koester, L. G. chamber manager who devised the downtown lighting district, Miss Lemon Grove and local dignitaries will be present for the ribbon-cutting to officially turn on the lights.

Gondek said a big bunch of helium and prize-filled balloons will be released when the light switch is thrown on by Koester. The balloons will contain coupons for 500 free goldfish, six free poodle trims and 10 merchandise certificates worth from $1-5. Gondek said he expects the balloons to come to earth in many parts of the Lemon Grove community.

A special guest at the balloon releasing and light switching-on occasion will be "Pampy, the Educated Gorilla," a Gondek creation which, he said is "not really a real gorilla."

A big active Gibbon ape from Thailand with the nomenclature, "Bongo-Bongo from the Congo" is doing calesthenics in the Pampered Pet show window these days. Soon on the way will be a chimpanzee from Africa, Gondek said.

LETTERS TO THE EDITOR

Dear Editor:

I really appreciate you putting in all those birthdays last week (in Around Our Valley) and all the other news I send in. I like a small paper because you can have your name in the paper without being rich or well-konwn. The larger papers are good for news in general, but to get to know people around Spring Valley, everyone should read the local newspaper.

Thank you very much.

Mrs. Robert Dale Woods,
3643 No. 2, So. Barcelona St.
Spring Valley, Calif.

Dear Editor:

I am enclosing a check for another year's subscription to the L.G. REVIEW. The news from the Valley and Lemon Grove helps to keep the homesickness down. . .and it's high, believe me.

I am coming out on my annual trip HOME about the 15th of Sept. and this time I shall have my oldest son Larry, and his wife and baby with me for a two weeks visit with friends and relatives in the SD and LA areas, then a fast trip to Sacramento to see my youngest son, Butch, at Mather AFB.

Larry is stationed at Forbes AFB in Topeka. (A few of them will remember him as a scrawny little newspaper boy on Valenciai dr from 1945-52).

If it wasn't for your paper, and the letters from Mavis Vanlingingham with the doings of my old neighborhood, I'd be one lost soul when I hit town.

Each year I find there's a new stretch of freeway and amazing growth but I love every bit of it.

Thanks for your reminder that my subscription was due. I would sure hate to miss one issue!

My boys really enjoy your Service Section and have looked up several that are stationed on their bases and had a regular Hometown gabfest.

Dear Editor:

This is to express our thanks for your part in informing the community of the facts relative to our successful "Courageous Ministers District Assembly" at the Orange County Fairgrounds this past weekend.

It has been a pleasure to be able to furnish you with news information about our organization and its activities.

Dear Editor:

In the tragic year 1941 our State Department said it was all right to sell steel to Japan and now they say its all right to buy Communist slave-labor goods with the reasoning it will help the Communist slaves. How - Smart? can they get? Those people will never reap from our money but the Communists will. Every time we buy a chair, purse, bamboo fence or whatever it may be that is made in a Communist controlled country the money is going to be used against us just as our own steel was used against us in World War II.

It is time the American people wake up to what's going on around them. Take a visit to almost any store and you are almost bound to find Communist slave-labor goods and even hams from Communist Poland inspected by Communists and guaranteed by the Good Housekeeping Seal. With this going on throughout the United States can you imagine the money that is pouring back into Communism. How many people are being put out of work here in our country? How many businesses are being put out of business because they can't compete with low Communist prices? How many people would like to start manufacturing firms but know they could not compete? The Unions blame our high unemployment on automation, but automation is far from being the major cause of unemployment. How can Swift or Morrell or any of the meat companys compete with Communist slave-labor hams? They have to go to automation or go broke.

The important question is what can we do about this ridiculous situation? This question I can answer First: write your Senator and Congressman and ask them to investigate the State Department's policy, Second: CAREFULLY observe all goods you buy and if you find goods made by a Communist country then take it to the manager, explain to him that he is helping to keep the Communist slaves in slavery and refuse to buy the product. Also watch for Nevco brands as these are made in Communist Yugoslavia via Yonkers, N.Y.

In summation, I believe that by refusing to buy Communist goods we can not only help the slaves but we can hurt the Communist cause. We will definitely improve greatly the unemployment problem and possibly entice new business to be created and most important make America strong again.

In God we trust,
Dr. Frank L. Phillips

The Patient Is Improving

There are signs that the business section of Lemon Grove is undergoing a renaissance and that shoppers, once loyal to the business community, may be enticed here again.

An important, though not dramatic event, is the street lighting ceremony scheduled for Friday at 7:30 p.m. At the ceremony, lights, paid for by business firms, will be turned on for the first time.

On the same day, a reunion of the Men's Club is expected to attract as many as 200 persons, showing also that there's life left in the Lemon Grove carcass. At that meeting a panel of bank experts will explore the economic future of the community, and there is little doubt that their remarks will be optimistic. One banker, C. Arnholt Smith of the U.S. National, told us recently that Lemon Grove is destined to become the most thriving business community of all east county.

There are new firms eyeing the town for possible retail locations. B. F. Goodrich, a national chain, is already here and holding an "open house" celebration this week.

Negotiations are under way, which, when completed, will bring a new, fine department store to the location which was occupied until recently by William's Dept. store. Inquiries, we are informed, are being made about the two buildings which housed markets here until recently.

Broadway is being widened between Kempf and Sweetwater which will add to the town's traffic comport.

The Grow Getters, the merchants' group, on which many pinned high hope before it collapsed (for whatever the reasons) is stirring again.

The chamber of commerce with a program of helping the entire community, is studying a plan of street lighting for all of Lemon Grove.

It seems to us that the old vitality is returning to a community that has been ailing from a common ailment called "ShoppingCenterItis." The ailment is painful but fear is the most pronounced symptom.

Many think that Patient Lemon Grove is finally beginning to recover.

Kuchel Goes To Defense Group

WASHINGTON (Spcl) — In a reorganization of Senate Appropriations Subcommittees, Senator Thomas H. Kuchel of California has become a member of the important Defense Sub-committee handling money requests for all the armed services.

A series of changes in minority assignments followed the recent death of Senator Henry Dworshak of Idaho. These resulted in Kuchel's withdrawal from the Treasury-Post Office-Executive Offices Subcommittee on which he has served during his four years as Appropriations Committee member.

Kuchel is now fifth-ranking Republican on the 27-member appropriation group. He welcomed the assignment because of the large number of Army, Navy and Air Force installations in California and the importance of defense procurement and research carried on in his state.

Grossmont College Adds 22 New Staff Members

Grossmont College has increased its faculty to keep pace with the rapidly-expanding enrollment. To accommodate the college's day enrollment, 18 full-time certificated staff members have been added, plus four part-time instructors, according to President John S. Hansen.

The new additions bring the total certificated staff to 58, a 61 per cent increase over last year. By comparison, day student enrollment this fall is expected to reach 1,500 or more, which would represent at least a two-thirds increase in enrollment over the college's day registration total last fall in its first semester of operation.

In the Evening Division of the College, 46 separate classes were offered last year. This year 84 sections will be presented. The total Evening Division staff will consist of 76 part-time instructors.

During the college day program on the Monte Vista High school campus which Grossmont College is presently sharing with the new high school in Spring Valley, 266 college course sections have been tightly scheduled between 2 p.m. when the high school program ends and 7:40 p.m. when the college's evening program begins.

Grossmont Sets Luncheon As Opening Event

A breakfast meeting for faculty and board members at Langhorst's Restaurant Tues. Sept. 4 will mark the opening Grossmont College activity for 1962-63 according to President John S. Hansen.

LEMON GROVE REVIEW

Lemon Grove (Calif.) REVIEW, Aug. 23, 1962 — Page A-1

Librarians Readying Books For 'Ex-Summer Vacationers'

"BOOKKEEPERS" BUSY — The library department of the La Mesa - Spring Valley School District, like other school librarians have been occupied making up lots of books for teachers who will be giving them out to school kids from kindergarten through high school when the "dear old Golden Rule days" once more arrive.

The above group includes (l to r) Mrs. Carol Balzante, library typist clerk; Lottie Freeman, library secretary; Lonnie Hay, page, and Mrs. Margaret Spengler, district librarian.

In the LM-SV School District, teachers get a box of books each for unit study and for recreational reading, all of which future ex-summer vacationers are probably interested in knowing. Speaking of teachers, 18 new ones are going to be with this district starting in September. They are:

Kay Anderson, Avondale; Mrs. Ann Mosher, Highlands; Jeanette Hickman and Linda Fatur, Rancho; Mrs. Thelma Barnett, S. V. Elementary; Lyman Theemier, Kenneth R. Spooner, Eugene Andrews, Linda Jones and Mrs. Mary A. Bassett, S. V. Junior High.

Come March when the Kempton Street Elementary opens in south Spring Valley, teachers now at various schools in the district will transfer their teaching operations to the new one. They are Mrs. Maureen Nikolweski and Mrs. Meijean Chan, Avondale; Joy Overby, Casa De Oro; Grace Ellen Franklin and Susan J. Law, Highlands; Margaret Fanton Hutchins, Carol Rae Hart and Sharon Samsel, Rancho.

Enrollment Of 4,035 Expected By Lemon Grove School District

The first day of school in the Lemon Grove School District will be Sept. 11. An enrollment of 4,035 is expected, according to officials.

Children being entered in kindergarten and those who will be going to a school here for the first time are to register during the week of Sept. 4. Monday, Sept. 3 is Labor Day and schools will be closed then. Registration will be held in each school and parents desiring information should call the school nearest them, according to school district officials.

New teachers will report for duty in the L.G. School District on Sept. 4 and other teachers on Sept. 5. A county-wide Professional Growth Day will be held for teachers on the morning of Sept. 6.

NEW PRINCIPALS HERE

This district contains six elementary schools and two junior highs, and two new principals will take up new administrative duties with this coming semester. Due to the recent death of Ben I. Schei, who was principal at San Miguel Elementary school, James W. Terry, school administrator from El Cajon and before that in Milwaukee, will become principal at San Miguel. W. Arthur Thomas, principal of Monterey Heights Elementary school has changed places for the school year with an Hawaiian principal, Joseph Dostal, of Wahiawa Elementary school, Oahu, Hawaii.

Ten new teachers join the L.G. School District this fall. They are Edward L. Harvell, who will teach 6th grade at Golden Avenue; Jill Adelman and Mrs. Beth Murley, 5th and 1st grades respectively at Monterey Heights; Mrs. Jean P. Cook and Mrs. Leone M. Hess, 4th grade at Mount Vernon; Mrs. Charon Mohr, first grade at San Altos; Rosalyn Canfil, 2nd grade, Vista La Mesa; Relene C. Keller, vocal music, L.G. Junior High; Joy Anne Johnson, homemaking and Max L. McCartney, math at Palm Junior High.

CLASSES TO BE POSTED

School district officials said that class lists will be posted on the front of school offices a week prior to opening of school and that bus schedules will be announced before school goes into session.

Proof of birth must be presented, officials pointed out, at the time of registering a youngster for kindergarten.

Regarding polio vaccination, the school district announced that pupils may be admitted to school with only one Salk-type vaccine inoculation or only one type of oral vaccine on condition that either series is completed within one year. Youngsters who haven't been vaccinated will be admitted to school if the first vaccine is received within two weeks of admission to school.

Community Concert Association Backing College Bond Election

The Women's Committee of the Grossmont Community Concert Association has recruited 65 precinct captains to assist Boosters for Building Grossmont College in their campaign to win a 7.5 million dollar bond election on Sept. 18. Captains come from every corner of the far-flung Grossmont College District which was created by voters in 1960, but which has no funds with which to provide a campus for the 2,700 students who will register in September. The college has been sharing the campus of fast-growing Monte Vista High school this year and will soon be in operation there, again, during afternoon and evening hours.

Mrs. Gilbert Harelson, founder of the Women's Committee of the Grossmont Community Concert Association, says, "The college, even in one year of existence, has shown the possibilities for an excellent music department, as well as a wonderful faculty in other parts of the program. Of course, we are interested in music, but we know that our Foothills young people need good college training, and we are willing to work for them. As parents and grandparents, we are equally as interested from the educational standpoint in a sound college program." The music department at Grossmont College at present offers music fundamentals, harmony, and class piano for music major; performance type courses such as choir, string ensemble, concert band and orchestra; and general education courses such as great music listening and music for elementary school teachers.

Grossmont College Opening Sept. 7

The first public school in San Diego County to begin its fall program of instruction will be Grossmont College, one of the newest schools in the county, starting Fri., Sept. 7. Grossmont College will "get the jump" on all the other schools in the county because of a need to fulfill a minimum number of days of instruction within the school year calendar, as adopted by the board of trustees.

There should be quite a bustle of humanity on the college campus around 3 p.m. the 7th, since the enrollment of the college will nearly double the day enrollment of last year. This tremendous growth is due to the addition of sophomore classes and should further complicate the lives of college officials who are trying to schedule nearly 1,500 day students into classes spread over only five hours daily, the college said.

Again this year the college will be housed on the Monte Vista High School campus at 3230 Sweetwater Spring blvd., Spring Valley. The college hours of operation will be from 2 p.m. until 10:40 p.m. to adjust to demands of the high school program during the early part of the day.

An election on Sept. 18 will determine whether or not Grossmont College builds a permanent college campus in Fletcher Hills.

Student Body Officers To Meet For Picnic

The student body officers of Grossmont College will have an opening-of-school picnic at Eucalyptus Park Sun., Aug. 26. All members of the Board of Representatives of the Associated Students of Grossmont College and the presidents of campus clubs will be present as well as honored guests.

The picnic will also be an occasion for a meeting of the college student board of representatives and will be followed by film entertainment. Jim Richardson, president of the ASGC for next year, is a resident of Lemon Grove-Spring Valley areas, as well as Dave Harrison, vice president, and Helen McCormick, historian.

Monte Vista Announces New Faculty Members

Monte Vista, the area's newest high school will begin its second year of operation by adding quite a number of new faculty members to the staff, according to Stanley McClintick, principal.

Also two major changes in the present staff were made when Winfield Lacey became head football coach and George Gray was named Associate Student Body Advisor.

The following are new members of the teaching staff at Monte Vista:

Stanley Baker will be on the staff at present as a part-time instructor of German. Baker has taught in the Grossmont Union High School District many years, formerly teaching at Grossmont High School and currently teaching part-time at El Cajon Valley High school.

Mrs. Dorothe Bonsignore joins the staff to teach English IC. Mrs. Bonsignore previously taught at Helix and El Capitan high schools.

Kenneth Cates will teach social studies and will serve on the coaching staff. Cates received his schooling at UCLA and has taught at El Rancho High school, Whittier, Cal.

James Gould, graduate of San Diego State College, joins the staff in the English Dept.

Mrs. Barbara Jones, graduate of San Diego State College will teach mathematics and English. Mrs. Jones received her A.B. degree at the University of Southern California.

Nathaniel Levin will teach U.S. history, social studies and will serve on the coaching staff. Levin received his B.A. and M.A. degrees at the University of Denver and has taught in Colorado.

Malcolm Moore joins the staff after having taught many years at Helix High school. Moore will teach French, Latin, and English.

Mrs. Helen Tubb will begin as a full time instructor in the English department this year. Mrs. Tubb served as part-time instructor at Monte Vista High school last year.

Grossmont Dean's List Announced

Forty-two students, including five who averaged all A's qualified for the Grossmont College Deans' list, it was announced by Thomas P. Ruth, faculty advisor for the college's honor scholarship society.

To qualify for this scholastic recognition, Grossmont College students must obtain a minimum 3.0 (B) grade point average or better while carrying a full program.

Mrs. Marie E. Duncan of Spring Valley was one of the straight A students.

Art Courses Proving Popular At Grossmont

Three weeks before Grossmont College registration, with several hundred students still not programmed, several sections in the field of art have either been closed or new sections have been added. A related field, architectural drafting, also is a popular program.

"Students know a good instructor when they see one," Dean of Instruction Charles Collins observed, "and Miss Marjorie Hyde in the fine arts and Alvin Hanson in architectural drafting have won this top-flight reputation among the students."

La Mesa-Spring Valley School District Gives Registration Instructions

Registration for children who will attend local elementary and junior high schools in the La Mesa-Spring Valley School District will begin Aug. 28, according to Dr. David Pascoe, assistant superintendent. The Classes will resume on Tues., Sept. 11.

Children attending local schools at the close of the semester in June of 1962 need not register. Children who will be attending the District's schools for the first time must be registered. A child legally enrolled in a school outside the District may be properly admitted to school and placed in the proper grade upon registration and presentation of evidence of enrollment and grade placement in the former school of attendance, Dr. Pascoe said.

PROOF NEEDED

In registering children for kindergarten, parents should bring proof of the child's birthdate with them. The California State Education Code requires that a child "shall be four years and nine months of age on or before September of the current school year" in order to enter kindergarten. In other words, he should be five years old on or before Dec. 2, 1962. Minimum entering age for the first graders in California is five years and nine months.

A birth certificate, baptismal record, signed affidavit from parent or guardian, or other verification of birth should be presented at the time of registration. Important health information sueh as dates of smallpox, polio and diphtheria inoculations should also be brought at that time. Both oral and Salk vaccines are acceptable inoculations for registration. Excluding those parents who have indicated they are adverse to the new polio law, polio inoculations are mandatory. Regular Griffin Students To Take Placement Exams

Grossmont College requires placement examination of all regular day students and all evening students who are candidates for the Associate in Arts degree and are transferring to another collegiate institution unless the student has already received a college degree, it was announced by Laurance E. Coons, dean of admissions and guidance.

Students may enroll in evening courses of specific interest, however, without taking the placement examinations if they are definitely not candidates for a degree or planning to transfer to another college, according to Coons.

970 Students Expected

MONTE VISTA HIGH COMMENCES SECOND YEAR IN SPRING VALLEY

Registration of new students will begin on Aug. 30 and will continue through Aug. 31. It will go from 9 a.m.-3 p.m. each day. Counselors will be on duty, the school said, to sign up students who've just moved into the Monte Vista district and haven't registered yet.

Program To Heal Border Relations

John Cutino, a nursery operator of 8789 Valencia st., S.V. told the L.G. Rotary club Monday that much of the animosity that may exist between San Diegans and Tijuanans is due to the American projection of "superiority."

Mexicans are an intelligent and proud group and visitors to Tijuana who get away from the business section find that a deep culture exists there, he pointed out.

Cutino, a former student of Latin-American culture at Southern Cal. U became interested in Tijuana people after he finished school.

He now conducts tours of local residents to Tijuana in his own car and at his own expense to help make for a better international understanding.

Groups of four or five who wish to make the trip may do so by calling Cutino at HO 3-6905.

Chick Lure Too Great

Fascinated by a baby chick in the L.G. Mayfair market, three juveniles, 8, 9 and 11, could not resist the lure and in payment for the chick and its feed spent nearly all the money they had.

The money was given to them by their mother to buy bread and wieners. With resources depleted and the grocery list unfilled the youngsters solved their problem. . . well, almost solved their problem by stealing a loaf of bread for mother.

They were referred to the probation dept. after they waited a long spell at the L.G. Sheriff's sub-station for mother to come from her place of employment.

The chick seemed undisturbed by all of the silly carryings-on.

Importance Of Technical Training Reflected In College's Curriculum

by DR. CHARLES C. COLLINS
Grossmont Dean of Instruction

Experts say that the world of tomorrow will be operated by the professionals and by the technologists. This is reflected in the curriculum at Grossmont College. The majority of students at this lower division college plan to transfer as juniors after two years and go on to upper division study in engineering, medicine, law, business administration, and other professional fields.

Another sizable group will elect to enter one of the many two-year programs in tchnology leaving the door open for either employment or possible transfer after securing their Associate in Arts degree.

Some students are entering Architectural Drafting, some are signing up for Technical Illustration, many students are beating a path to the exploding fields of Data Processing and Industrial Electronics, some are electing Laboratory Technology and its related field Chemical Technology, many are working toward Engineering Technology with the option of moving later to professional engineering, a few are beginning a program leading to X-ray Technician, and so it goes.

In the service fields which demand a high degree of technical knowledge, many young men are enrolling in the Police Science program and both young men and young women are trying to enter the Merchandise-Management program in the business field. Also in the business field, the two-year programs in the secretarial and clerical occupations remain popular.

These programs are not for the unambitious or lazy of mind. They are tough, solid, academic programs that demand much work and bring comparable reward.

Nobody knows what will happen in the next war but don't be bothered; after all, you can't die but one time.

U.C.S. Program Set Up Here

FOR UNITED SERVICES — Mrs. Peter Shea of Lemon Grove, left, does the coffee-pouring honors at a recent United Community Services meeting of Heartland area leaders held in the home of Mrs. L. D. Hermie, right, of El Cajon. Lemon Grove and Spring Valley were among the Heartland areas represented at a Community Services meeting held recently in the home of Mrs. L. D. Hermie of El Cajon. Mrs. Shea of 2362 Golden ave. represented Lemon Grove, and Mrs. John S. McKee of 3405 Valley View ln. represented Spring Valley.

Mrs. Hermie is chairman of the Heartland Residential Committee for UCS. "The women who attended this meeting are the very top leaders in their communities," Mrs. Hermie said. "They met to discuss the setting up of an advisory committee that will help direct the annual UCS residential drive in the Heartland Area.

"This committee will function on a permanent year-round basis, and would take advantage of the extensive experience and community-standing of these civic-minded women," she said.

"HOLY SPIRIT"

In order to accomplish salvation in a person, the Holy Spirit must first show that person his need. As a person sits under the preaching of the Word of God, the Spirit will convict the person of failing to measure up to the standard's of God's Law.

Lemon Grove Lutheran Church Message

TEXT ON POWER OF DIVINE MIND

All things are possible to God, divine Mind. This is a theme of the Lesson-Sermon entitled "Mind" to be heard in Christian Science churches on Sunday.

Luke's account of the healing of the palsied man by Christ Jesus will be presented in the readings from the Bible. Included is this verse (Luke 5): "And immediately he rose up before them, and took up that whereon he lay, and departed to his own house, glorifying God."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read: "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible. The only way to this living Truth, which heals the sick, is found in the Science of divine Mind as taught and demonstrated by Christ Jesus" (p. 180).

'Ask And Receive' Duncan Sunday Text

Pastor Lawrence Duncan of the First Baptist Church of Encanto will preach on "Ask and Receive" on Sunday morning at 11. The subject that night at 7:30 will be "Love Lasts and Lasts," which is one of a series based on First Corinthians.

Mrs. Agnes Berry, director of the annual Bible school at the church announced that the program will be at 7 on the evening of Aug. 30. More than 100 children and workers are "Adventuring with Christ" at the school.

Mrs. Ethel Moon, president of the Women's Missionary Society is working on plans for an all-church and Sunday school family-style picnic at Eucalyptus Park on Sept. 7.

Pastor Duncan said everyone is cordially invited to services at his church.

Sellout Seen For GOP $100-a-Plate Dinner

The final block of 1,500 tickets to the $100-a-plate Republican dinner was distributed this week to area chairmen in all sections of the county, Dr. Gaylord B. Parkinson, general dinner chairman, reported.

Parkinson predicted a sellout for the Sept. 19 dinner at El Cortez Hotel in San Diego which will feature a major talk by Sen. Barry Goldwater, Arizona Republican and conservative leader.

Parkinson encouraged block buying of tickets by groups of friends and organizations. He said members of the dinner steering committee were contacting a list of prospective ticket buyers but that the souvenir type ticket would be sold on a first come, first served basis.

BFG MANAGERS — A. R. Laret, Los Angeles zone manager of retail sales for B. F. Goodrich Tire Company, is shown (left) as he met this week with Don Johns, manager of the company's Lemon Grove store, to make final plans for a three-day grand opening celebration slated to start at the new store on August 23. Laret headquarters at the company's zone office in Los Angeles. Other B. F. Goodrich executives who will attend the open house are M. E. Collins, Pacific regional manager of retail sales, and J.F. McKillen, supervisor of regional control operations.

B. F. GOODRICH OPENS HERE

Prizes, Souvenirs, Ribbon-Cutting At Opening This Week

San Diego area's newest auto and home supply center, the new B. F. Goodrich store at 7285 Broadway, Lemon Grove, will stage a three-day grand opening celebration starting on Thurs., Aug. 23, it is announced by store manager Don Johns. Sue Davis, Miss Lemon Grove, and L.G. Chamber of Commerce officers will hold a ribbon-cutting ceremony.

This will mark the official opening of the new retail store and auto service facilities which the company recently moved from its former location at 840 "B" street in downtown San Diego. Johns said the new store location is larger and the automotive services are more complete than the company has ever provided in this market. The major rubber firm has operated a retail store in San Diego since 1929.

Johns said every person visiting the store during the three-day open house celebration will receive a souvenir gift. Merchandise awards will be presented to lucky ticket holders at a grand prize drawing on Saturday night, ending the festivities.

THREE TIMES BIGGER

He said the store provides all of the sales and service facilities needed to serve this growing market. The grand opening will give customers an opportunity to inspect the new store and observe the modern equipment which provides fast and efficient service. The new store location is more than three times larger than the former location in San Diego.

Executives of B. F. Goodrich Tire Company who will be in Lemon Grove to attend the event are M. E. Collins, Pacific regional manager of retail sales; A. R. Laret, Los Angeles zone manager; and J. F. McKillen, supervisor of regional control operations and personnel selection.

"We are sure that our new service facilities will appeal to our customers," Johns said. The large service area for brake work, wheel alignment, wheel balancing, tire and battery service, mufflers and shock absorbers will accommodate seven cars and four large trucks at one time. It is designed with a comfortable waiting room and other facilities for customer convenience. Parking space for 33 cars is provided close to the service area for customers entering the store from both Vista and Citrus avenues.

MOBILE AUTO SERVICE

The new store is equipped to give automobile service to customers at home or out on the highway, Johns pointed out. Three service trucks carrying air compressors and other tire changing equipment operate from this store.

"With more cars on the road today than ever before and the public more conscious of fast courteous service, we believe this new store will make a hit with people who like personal attention," the B. F. Goodrich store manager said.

"The decision of B. F. Goodrich officials to relocate the San Diego store at Lemon Grove was based on a detailed study and the need for expanded facilities to make B. F. Goodrich products and services more accessible to motorists and truck fleet operators," Johns declared.

In addition to B. F. Goodrich tires and complete automotive service facilities, the store also carries a full line of auto accessories and home items such as radios, television sets, bicycles, refrigerators, and other large and small appliances.

The store is easily identified by a 36-foot wide neon sign which has been erected high above the front service court.
